

9 and 23. All amendments are supported by previously presented claim language

Newly-added dependent Claim 27 includes claim language previously considered by the Examiner on numerous prior occasions, including as most recently presented Claims 11, 19 and 23. Relatedly, newly-added independent Claim 28, merely sets forth the content of independent Claim 1 plus the limitations set forth in, for example, Claim 11. Applicant respectfully requests entry of the claim amendments.

Respectfully submitted,

SHERIDAN ROSS & McINTOSH
